Re: Professional Recovery Services, Inc.

Mike,

I want to let you know how much I have appreciated your assistance in finding a qualified buyer for my company. As a founding member and only surviving shareholder of Professional Recovery Services, Inc., the decision to sell the company was difficult. Over the past 23 years that I have owned the company, your diligent follow ups and market place updates kept us in tune with the M&A market, even when we were not interested in selling. Therefore, I felt very comfortable in reaching out to you upon the death of my business partner. I had 100% confidence and trust in you to steer me in the right direction when I finally made the decision to sell my company and retire.

Having never previously sold a company, I was a complete rookie in terms of the process to prepare the company for presentation to the market place. Fortunately, you and your team walked me through every step of the process through to closing of the deal.

Good luck on your future endeavors. Considering the current and future consolidation in the collection industry market place, I know that your firm will play an integral role in helping agency owners find qualified buyers and close deals.

Thanks again for helping me to achieve my goal.

Jack McCusker
